

DAVRONBEK NURMAKHATOV

Data Analyst | Business Intelligence

Budapest, Hungary | +36 70 318 5057 | tugairoq04@gmail.com | linkedin.com/in/davronn00 | github.com/Davronn00 | davronn00.github.io

PROFESSIONAL SUMMARY

Data analyst with experience building production dashboards, SQL pipelines, and SAP, VBA, Python automations for a Fortune 50 energy operation. Hands-on in Power BI, Snowflake, and Excel, with cross-functional experience across energy, marketing, and sales. MSc Business Informatics candidate (Stipendium Hungaricum scholarship).

TECHNICAL SKILLS

- Languages & Tools:** Python (Pandas, NumPy), SQL, VBA, DAX, Git, R
- Data & BI Platforms:** Power BI, Snowflake, SAP, Microsoft Excel (advanced)
- Analytics & Business:** Data modeling, ETL workflows, regression analysis, dashboarding, KPI reporting, BPMN, stakeholder communication

PROFESSIONAL EXPERIENCE

Data & Process Optimization Analyst — ExxonMobil, Budapest, Hungary Oct 2025 – May 2026

- Automated SAP and data extraction workflows using Python, SQL, and VBA, cutting manual processing time by 40% and freeing analyst capacity for higher-value analysis
- Built interactive Power BI and Excel dashboards tracking global biofuel volumes, used weekly by downstream business stakeholders to monitor supply performance
- Wrote complex Snowflake SQL queries to extract and transform high-volume operational data feeding monthly reporting cycles
- Partnered with cross-functional stakeholders across operations, finance, and supply to audit and re-engineer existing reporting workflows

Marketing Analyst — Eberza Afeja Ltd, Belgrade, Serbia Jul 2025 – Sep 2025

- Built weekly Excel-based performance dashboards in partnership with the digital marketing team, surfacing trends in customer acquisition cost (CAC) and campaign ROI
- Extracted and joined lead-generation data from CRM and transactional systems to centralize previously fragmented reporting
- Analyzed website behavior data and translated findings into UI/UX recommendations that lifted user engagement by 15%

Sales Analyst — Instrumart UZ, Tashkent, Uzbekistan Aug 2023 – Jul 2024

- Analyzed monthly sales performance across 30+ enterprise accounts and built interactive dashboards that informed quarterly sales planning
- Translated technical product specifications into actionable training programs for client workforces operating surveying equipment

EDUCATION

MSc Business Informatics — Óbuda University Sep 2024 – Jun 2026 (Expected)

- Stipendium Hungaricum Scholarship recipient
- Master's thesis: Tool for generating realistic test data for SQL and NoSQL databases; benchmarks performance, scalability, and integration

BSc Surveying Engineering — Tashkent State Technical University Sep 2019 – Jun 2023

- Davlat Grandi state scholarship recipient (Ministry of Higher Education merit award)

PROJECTS

BI Analyst — Demola "Buy a Home with Open Data" Mar 2025 – Jun 2025

- Aggregated 10+ public housing market datasets and identified 3 statistically significant price-influencing factors via regression analysis
- Built end-to-end Power BI dashboards visualizing affordability indicators across Budapest neighborhoods (github.com/Davronn00/Demola-project)
